34TH Annual Conference

Professional Nurse Educator Group

October 19-21, 2007

Portland, Oregon

PNEG

CONFERENCE OVERVIEW

Conference History

This conference was initiated 34 years ago by a group of educators in continuing nursing education. The purpose of the conference was to strengthen nurse educators' roles by offering opportunities for learning, sharing, and networking. Over time, the sponsorship for this conference has changed. Initially offered through the American Nurses' Association, the focus of the conference was on issues related to continuing education and staff development. The conference is currently organized by a group of continuing education and academic educators known as the Professional Nurse Educator Group (PNEG). Colleges, universities, and medical centers throughout the United States serve as conference sponsors. In order to enhance opportunities for nurse educators from different geographic areas to attend in their region, the conference is offered in different locations throughout the country. It continues to serve as a prominent vehicle for professional nurse educators in academic, entrepreneurial, continuing education, and staff development positions.

“Contact hours for this continuing education activity have been submitted to the Washington State Nurses Association, an accredited approver by the American Nurses Credentialing Centers Commission on Accreditation. Please contact the Primary Nurse Planner at Oregon Health & Science University Center for Learning & Development, pneg@ohsu.edu”

CONFERENCE OVERVIEW

About Portland

Big city excitement and small town charm make Portland, Oregon, known as "the City of Roses", one of the favorite destinations in the West. Portland is situated approximately 70 miles from the Pacific Ocean in a magnificent setting between the sparkling waters of the Columbia and Willamette Rivers. Portland's historic old town, galleries and museums, Saturday Market, and theatre companies will keep visitors busy for weeks! Its lush green parks are perfect for a picnic or an afternoon stroll. Also, Portland is just a short distance from Willamette Valley wineries, skiing at Timberline Lodge, and all of the excitement and beauty of Oregon's spectacular ocean beaches.

Portland was built with walking in mind. The short blocks, combined with public art and old fashioned statuary, fountains, bridges and parks offer opportunities for leisure and contemplation for the casual stroller. Walking tours of the downtown area focusing on the best of the city's art, architecture, urban parks, and fountains are available. For the more adventuresome walker, Forest Park has over 70 miles of trails.

A splendid location, relaxed respectability, and an urban lifestyle that is unsurpassed for its livability makes Portland a city to visit and remember. For more Portland information go to: <http://www.travelportland.com/visitors/>

Oregon—Points of Interest

Multnomah Falls

Multnomah Falls Lodge, located just 30 miles east of Portland off Highway I-84, offers breathtaking views of the second-highest year-round waterfall in the United States. Nestled in the heart of the scenic Columbia River Gorge, the Multnomah Falls area features tree-lined hiking trails to the top of the 620-foot falls, an interpretive center and gift shop, as well as a charming old-world lodge that offers Northwest cuisine for breakfast, lunch, and dinner. Open daily from 8 a.m. to 9 p.m.

Mt. Hood Railroad

Excursion Train... Dinner Train... Brunch Train

Built in 1906, this historic railroad takes passengers on two

and four-hour tours through the beautiful Hood River Valley. Enjoy the narrated Excursion Train or dine leisurely aboard the classic Dinner and Brunch Trains. Beginning on July 4th, a 1910 steam engine will power Excursion Train trips. Ask about our special events including Western Train Robberies, Murder Mystery Dinner Trains, The Little Engine That Could™, and The Polar Express™.

Evergreen Aviation Museum

Catch the "Dream to Fly" spirit and explore the fascinating world of aviation history. Just an hour from downtown Portland, in the beautiful Willamette Valley, the museum is home to Howard Hughes' "Spruce Goose" and more than 80 other historic aircraft and exhibits. See replicas of a 1903 "Wright Flyer" and a WWI "Jenny"; learn about WWII fighters; and enter the Jet Age with the SR-71 "Blackbird." Hear veterans and pilots share firsthand stories, shop in the extensive aviation store, watch a 3-D IMAX® movie, and enjoy a view of the unique collection while refueling at the Spruce Goose Cafe. Open daily, 9 a.m. to 5 p.m.

FEATURED SPEAKERS

KEYNOTE SPEAKER

Christine Tanner, RN, PhD, Distinguished Professor, OHSU School of Nursing

Clinical Judgment in Nursing Practice: State of the Science

Chris Tanner is the Youmans-Spaulling Distinguished Professor at Oregon Health & Science University School of Nursing. She has served in a variety of roles at OHSU including Director, Office of Research Development and Associate Dean for the Statewide Undergraduate Program, and is currently one of the leads in the development of the innovative Oregon Consortium for Nursing Education. She was the author of the 2001 study *Oregon's Nursing Shortage: A Public Health Crisis in the Making*. Dr. Tanner has served as the Senior Editor of the *Journal of Nursing Education* since 1991. She has conducted research for over 25 years on clinical judgment in nursing, culminating in numerous journal publications, and 4 books, including the award winning *Expertise in Nursing Practice: Caring, Clinical Judgment and Ethics*, co-authored with Patricia Benner and Kit Chesla. She is the 2005 recipient of the National League for Nursing Excellence in Nursing Education Research and has consulted nationally and internationally with schools of nursing on clinical judgment, nursing education research, and curriculum development. Dr. Tanner is the mother of two teenagers, neither of whom has shown any interest in being a nurse!! She is also an avid skier and student of piano.

PLENARY SESSIONS SPEAKERS

Cynthia Clark, RN, PhD, Professor of Nursing, Boise State University

Reclaiming Caring and Civility in Nursing Education

Dr. Clark is a Professor of Nursing at Boise State University. She teaches Nursing Leadership and Management, Professional Concepts of Health Care Delivery, and a multidisciplinary course on Adolescent Mental Health. She holds two Bachelor of Science degrees, one in Nursing from Boise State University and the other a special major with an emphasis in Addiction Treatment and Recovery from Southern Illinois University at Carbondale. She is a psychiatric nurse/therapist and has earned advanced certification in addiction counseling. She holds a Master of Science degree in Human Development and Family Studies from Colorado State University, a post-Master's certificate in Nursing Leadership from Idaho State University, and an earned doctorate in Educational Leadership from the University of Idaho. Her principle body of research is in the area of incivility in higher education in general and nursing education in particular. She has published professionally and presented nationally on this topic.

Kathie Lasater, EdD, RN, Assistant Professor, School of Nursing, School of Medicine

Clinical Judgment: Tools for Bridging Education into Nursing Practice

Dr. Lasater has been a medical-surgical, cardiopulmonary, and community health nurse throughout her career. Early on, she discovered a love for teaching, which brought her back to her alma mater in 1999. During her nearly eight years at OHSU School of Nursing (SON), she has taught a wide variety of theoretical and clinical courses, primarily in the baccalaureate nursing program. Following the completion of her doctorate in education at Portland State University in 2005, Dr. Lasater continued her SON teaching, adding responsibilities as an education specialist within the education division of the Department of Anesthesiology and Peri-Operative Medicine as well as with the Oregon College of Oriental Medicine. Her research focuses on the development of clinical judgment in nursing students, often in OHSU's Simulation and Clinical Skills Lab, of which she was recently named interim director.

FEATURED SPEAKERS (cont.)

PLENARY SESSIONS SPEAKERS (cont.)

Michael Seropian, MD, FRCPC, Associate Professor &

Bonnie Driggers, RN, MS, MPA

Local and National Trends in Simulation

Dr. Seropian is a practicing pediatric anesthesiologist and Associate professor in the OHSU School of Medicine. He has more than 11 years of experience in simulation education development and training. His initial contact with simulation was during his years at Harvard University. He has since developed and designed multiple simulation facilities and is the past-chair of the Oregon Consortium for Nursing Education simulation sub-committee. As founder and the past Co-director of the OHSU Simulation and Clinical Learning Center, he had oversight over the implementation and delivery of simulation education to both nursing and medical specialties. He is a founding member of the Oregon Simulation Alliance and currently serves as an appointed member as well as chair-elect of the Executive Council. The Oregon Simulation Alliance was responsible for facilitating the development of over 20 simulation education programs. Along with Bonnie Driggers he co-authored *The Oregon Simulation Readiness Report*, which presented a comprehensive look at the needs and readiness of sites in Oregon for simulation education.

Ms. Driggers has held a faculty position at OHSU School of Nursing for many years, most recently she served as the Co-Director of the OCNE Clinical Education Model Project focused on the redesign of clinical education in nursing for the consortium. The model includes the use of simulation as one of several clinical learning activities. For several years she has been faculty for the Post Master's in Nursing Education Simulation course. Currently, in partnership with Dr. Seropian, Ms. Driggers provides statewide simulation education and consults throughout the United States, Canada and overseas in the area of simulation education and program development and implementation. Ms. Driggers is a founding member and past-chair of the Oregon Simulation Alliance, a statewide network of simulation facilities. She continues to serve on the Governing Council of the Simulation Alliance. Ms. Driggers is involved in additional collaborative projects around healthcare education in Oregon. She is the past-chair of the Oregon Nurse Leadership Council Education committee and an Executive council member of the Regional Nursing Clinical Placement Workgroup.

PRE-CONFERENCE

Thursday, October 18, 1:00 pm — 5:00 pm (*extra fees apply*)

Workshop #1: Assessment Tools and Techniques —Staff Development and Program Assessment

This workshop focuses on assessment tools and techniques used to develop individualized staff development programs. The workshop is an interactive learning session that includes step-by-step instruction of how to design and deliver a system-wide performance-based staff development program. The presenters will describe the development of essential program elements and materials, policies and procedures, and reporting tools. Several program assessment methods will also be discussed. Participants will engage in small group discussions and develop program tools and techniques for use in their organization.

Workshop #2: Teaching Clinical Judgment through Simulation Using the Tanner Model

This workshop focuses on strategies for using simulation in nursing education and professional development. The OHSU Simulation and Clinical Learning Center will host the workshop. This workshop is designed to present the use of simulation as a teaching strategy. Participants will be introduced to a variety of simulation techniques, including scenario development and debriefing. Participants will have the opportunity to experience simulation with emphasis on teamwork, interdisciplinary communication, and fidelity. The faculty includes Christine Tanner, PhD, RN, Kathie Lasater, EdD, RN, Mary L. Cato, MSN, RN, Alycia I. Peeples, BSN, RN, and Jesika Gavilanes, MA.
